9:00 – 3:00 pm**

**MVHLC Office
220 West 2nd St, Morton**

MVHLC Curriculum Training Overview

The Minnesota Valley History Learning Center (MVHLC) provides opportunities for K-12 educators, students and all generations to learn of the rich natural and cultural heritage of the Minnesota River Valley. They believe education on the river's beginnings and its future is vital to the preservation of the valley.

The MVHLC delivers educator workshops immersed in Minnesota history through the following curriculum themes:

- Gneiss Rock
- Glacial River Warren
- Immigration & Settlement
- Prairie to Production
- Pioneer Life

The curriculum for these themes is designed and developed to exceed Minnesota Department of Education academic standards in Science and Social Studies. The sessions emphasize hands-on learning of the curriculum materials taught directly by the curriculum writers.

"Attending this program was a fabulous experience. It's all about the history right in our surrounding area and there are many hands-on experiences."

- Sharon Furth, 4th grade teacher

Course Fees & Other Benefits Included

What does your \$25 daily course fee get you?

- Lunch
- Lesson plans & activities organized in our MVHLC Training Binders
- Hands-on materials supportive to classroom implementation
- Connections with other local educators

Continuing Education Hours:

12 CEU's earned with attendance of the two-day workshop, or 6 CEU's for attendance of one day
